Mr. Ralph Frisbie
Office of Information Systems
California State Colleges
5670 Wilshire Boulevard
Los Angeles, California 90036

Dear Ralph:

Attached is a copy of a note I have just written to Betty Nesvold, to Richard Hofferbert, and a memorandum from the Inter-University Consortium for Political Research concerning their interest in group memberships. I hope that we can arrange a meeting in the near future which would facilitate the use of this data throughout the entire system.

In addition, I am enclosing a copy of a letter which I received from Stanford University some years ago concerning the availability of the SPSS statistical package. This is a package which has proved to be very useful to social scientists who sometimes find difficulties using the BMD package. If this should prove worthwhile, you might talk with some of the people at San Fernando Valley State College who have modified the SPSS package for the benefit of KRONOS. The package which runs on KRONOS more than likely would run on the 3300 as well.

Sincerely yours,

R. G. Geisler, Professor
