

S⁴ Social Science Student Symposium

THURSDAY, May 2, 2019

San Francisco State University

**Registration
Deadline
April 7, 2019**

Who can participate? All undergraduate and graduate students, from all CSU campuses and community colleges, doing research in any social science field. There are no registration fees and a delicious luncheon will be provided.

What is it? An opportunity to present your research - quantitative or qualitative - to your peers and compete for a cash award. Presentations will be approximately 12 minutes. There will be three \$500 awards: Best undergraduate paper, best graduate paper, and best use of quantitative data in a paper. Each student who presents will receive a smaller honorarium.

How do I participate? If you want to compete for one of the cash awards you have to submit a full paper (maximum 20 pages). To present your research but not compete for an award, you just need to submit an abstract.

For more details and to register, visit: www.ssrc.org/participate/src
