

## LODGING

### Attendees of the 44<sup>th</sup> Social Science Student Symposium Thursday, May 2, 2019

Here is some information on where to stay and getting to and from campus. There is no motel/hotel adjacent to the campus. I am going to list three options.

1. Hampton Inn San Francisco-Daly City

2700 Junipero Serra Boulevard, Daly City, CA 94015 Telephone: (650) 755-7500

The rate is higher than usual because of the LPGA event.

Rate: 5/1(check in) -5/2(check out) is \$314.50, 5/2-5/3-\$296.65

Tell them you are a CSU employee for this rate.

2. Another option that is walking distance to the south end of Ocean Beach is the Mirage Inn and Suites. It is cheaper. There is a good café a block or two away call Java Beach.

Mirage Inn and Suites-\$175

2600 Sloat Blvd San Francisco CA Telephone: 1-866-599-6674

3. The Seal Rock Inn is not near campus; it would be about a 20-minute drive. It's a small mom-and-pop sort of place. Not the newest or fanciest; you can check it out online. It is right out by the Cliff House and Fort Miley if you know the city. Walking distance to the beach and trails at Lands End. It's three blocks from where I live and so I'm a bit biased. One catch for the Seal Rock Inn--they're not set up for large groups. They won't rent more than five rooms to any one group and so you should not identify yourselves as part of this conference.

Seal Rock Inn

545 Point Lobos Ave, SF, CA. Telephone: 415-752-8000 or 888-732-5762

#### Transportation:

- On the day of the S4 you can Lyft/Uber and be dropped by the dorms or at the corner of Lake Merced Drive and University Drive (see the map I've included).
- Or you can drive to campus and park in the main parking garage, which is close to the Seven Hills Conference Center where we will begin our day (see map).
- Parking is \$8 for the day at the main parking garage. You can use a credit card or cash (bills, no coins). Drive in and park (NOT in lot 19 or on the roof – you will get a ticket. Instead, park in Lot 20 on one of the floors). Go to one of the machines and buy a ticket that you place on your dashboard.
